

Helping Boys Connect Through Physical Challenge and Strategic Storytelling

**A Ten Week Group For 11-13 Year Old Boys
With Stephen Grant LCSW, Howard Hiton, LPC, and Peter Mortola, PhD**

BAM! Groups encourage boys to accept broader perspectives on what it means to be male and helps them build the relational skills they need to become healthy young men. Each group session utilizes storytelling, a group physical challenge, and conversation. The group will culminate with an outdoor adventure involving a significant man in the participants' life. Boys can expect the group to be fun and active.

About the Group Leaders

Stephen Grant, Howard Hiton and Peter Mortola have over thirty years combined experience working with boys and their families. Through this direct experience and extensive research they came to see that many of boys' difficulties arise from limited relational abilities in an increasingly relational world. Noting a lack of practical resources they wrote the BAM! Group Guidebook. They have been leading BAM! groups for seven years.
